CERTIFICAZIONI ~ CERTIFICATIONS

BO.MA si dedica al miglioramento continuo della propria organizzazione aziendale, per garantire ai clienti una qualità totale: dalle materie prime, ai processi, ai servizi.
I prodotti BO.MA sono inoltre sottoposti a test specifici per verificarne le prestazioni, in sintonia con le certificazioni di qualità e sicurezza richieste dalle varie normative internazionali.

BO.MA is committed to continually reviewing and improving the company organisation and services to provide the best possible customer experience. Great attention is paid to the quality of the raw materials, the processes, and the overall customer care services. All BO.MA products undergo strict performance and quality testing in compliance with the quality and safety certifications, as required under international regulations.
